

AACHEN DRESDEN

INTERNATIONAL TEXTILE CONFERENCE

Dresden, November 29-30, 2012

addressing experts in the field of

Textile Chemistry, Finishing & Functionalization and
Textile Machinery, Manufacturing & Composites with

Plenary Lectures and **Special Symposia** on

➤ **Composites**

High performance materials
2D and 3D textile constructions
Textile machine technology, special machine technology
Processing and preforming technologies
Modelling and simulation
Automated composite manufacturing
Applications (machinery, automotive, wind generators, aviation, ...)

➤ **Membranes & Textile Construction**

Construction and processing
Modelling and simulation
Applications

➤ **Protective Textiles**

Sensor systems and actuating elements
Personal protective equipment
Technical protective equipment
Testing, standardization, certification

➤ **Chemistry for
Composites, Membranes, and Protective Textiles**

Development and modification of polymers
Functionalization and coating
Surface and interface design

Deadline Call for Papers: February 15, 2012

Contact for 2012:

Annett Dörfel
Institute of Textile Machinery and High Performance
Material Technology at TU Dresden
annett.doerfel@tu-dresden.de; Tel.: +49 (0)351 463 39321
